Public Works Report

June 2020

Melissa May

We are waiting to hear back from Bob from Crossroads Engineers with regards to repairs to the work completed on Maynard Dr. We have asked for clarification in his letter to Morphe Construction that requests the repairs that need to be made due to faulty work or settling of the concrete curbs.

We are also waiting to hear back from Citizens Energy Group regarding the drainage issues on Loretta, as discussed at our May Town Council meeting.

Susan and I are progressing through the transition process by transferring files and documents and connecting me with the appropriate agencies and certification programs.

6.25.2020 Report to Town Council - Susan Fleck - Special Projects

- Still trying to schedule a Kona Ice visit at the shelter.
- Gradually transferring information to Melissa.
- Wondering about a movie night at the school or shelter?
